Rotary Club of Ramna, Meeting No -1984, Date- 4 October, 2022 **President Message** Rtn Tahamin Banu, PHF President, Rotary Club of Ramna Greetings to all Rotarians of RC Ramna! Last September was basic education month and the Rotary implemented this month by helping poor students and schools in various ways. This month, many Rotary clubs in Bangladesh launched projects to distribute educational materials, books, and computers, as well as to launch scholarship programs to improve basic education.

for organizing such a neat and wonderful program. We, among the Rotarians, have cohesiveness; and, if all of us worked together, we could accomplish great work! My fellow Rotarians, thank you for your support.

Installation and After From the Desk of Editor

PP Syed Rezaul Karim PHF

The new Board comprises of old and relatively new members. Some of the old members are tasked with the responsibility of overseeing existing club projects. The involvement of the new ones will undoubtedly help carry on the works. They in the process will gain experience which will help them to shoulder responsibilities in the future. It is not always necessary to have big and expensive projects. That depends on opportunities. Small scale projects beneficial to the society can be thought about and implemented. The multiple of small projects can also have an impact on the society. The Rotarians of the club can be asked to submit their ideas in this regards and how they can be involved. Sometimes small is beautiful. The installation ceremony was also an occasion when the District Governor interacted face to face with the club members. The DG was clearly impressed with the project activities of the club and had a positive view of club members. The close relationship with the DG and his office is necessary for smooth functioning of our present and future programmes. Some of our club members can act as liaison between the club and the District. With all the goodwill of club members and of the Rotary District we wish the new Board an exciting and eventful year. We also expect more of fellowship and entertaining events to take place to enliven the period.

President 2022-23 October 2022

In August, I was proud to visit Pakistan and highlight Rotary's top goal, eradicating polio. It was also a tremendous opportunity to spotlight female health workers who are playing a critical role in protecting children from this vaccine-preventable disease. This month, as we celebrate World Polio Day, we are shining a spotlight on our more than 30-year effort to lead

the first global polio eradication campaign and our success in forming partnerships capable of completing this massive goal. We all know that this is one of the most ambitious global health initiatives in history and that

Pakistan is one of only two countries in the world where wild poliovirus remains endemic. (The other is neighboring Afghanistan.) I was able to witness and take part in vaccination campaigns in Pakistan, and soon after I left, a monumental nationwide immunization campaign took place, focused on 43 million children under the age of 5. I saw the incredible work of Rotary members on the ground. More than 60 percent of vaccinators in Pakistan are women, and they are doing a remarkable job building trust and convincing

New Member Orientation

A How-to Guide for Clubs

New Member Information Programs:

A new member information program should help new members expand on the knowledge gained from the prospective member program and broaden their understanding of their membership in a Rotary club. Your club's program should cover the following topics in three separate information sessions: • Rotary policies and procedures • Opportunities for service • Rotary history and achievements Session Format and Logistics New member information sessions are usually held as one-on-one meetings, since simultaneous new member inductions can't always be planned. If your club has new members join in pairs or small groups, hold these as group sessions. Always assign each new member his or her own mentor (for more on mentoring, see page 6). The session leader(s) may alternate from session to session. For instance, in one program, the mentor meets with the new member for the first session, a club leader conducts the next one, and a club member handles the third. If you're leading a session, invite the new member to meet in your place of business, over lunch or

Session Outlines Make sure that each session clearly addresses a new topic. children. The great work has been done by R.C. Ramna. The idea came from our veteran Rotarians PP Parvin Ahmed Khushi and Rtn PP Asheq UI Islam. We are thankful to them. In Rotary, this October is Economic and Community Development Month. We need to provide development services throughout the whole year. However, special emphasis has been given to this month that will encourage and help us connect with people in this area of focus. Unemployment and underemployment, along with a lack of economic opportunity, appropriate training, and social services, lie at the core of poverty. Rotarians worldwide are determined to reduce poverty through projects that deliver equipment like sewing machines, computers, etc., for the income generation of poor people. Another way is vocational training, through which we can generate employment. I request all our members to come forward and provide support for some projects in vocational training. In a way, along with millions of Rotarians throughout the world, we get to celebrate all that we have done to promote economic and community development throughout the world and here at home. On September 20th, we celebrated our installation program successfully. Many guest Rotarians appreciated us

mothers to vaccinate their children. Seeing it all firsthand, I know that the will exists across the Rotary world to end polio, and I'm confident that we have the strategy. The Pakistani media has been very supportive of our efforts as well, and this is making a difference. This month, a new global pledging moment at the World Health Summit in Berlin promises to pull together more resources to fund these time-sensitive eradication efforts. Now it is up to us to do our part and raise \$50 million this year to earn the full 2-to-1 match from the Bill & Melinda Gates Foundation.
